

ware boundary line a little to the west of the tracks of the Delaware, Maryland and Virginia Railway Company at a point ten miles, more or less, north of the town of Berlin, in Worcester county, and at or near the point where the existing county road leading north from Berlin crosses the Delaware line; and,

WHEREAS, The county road from Berlin south to Snow Hill has been improved and macadamized, and it is the determination and purpose of the said State Roads Commission to macadamize and improve the public road from Snow Hill to Pocomoke City, and said improvement has been practically made, thus insuring a continuous route of about thirty miles of improved highway from a point one mile north of Berlin, through Snow Hill to Pocomoke City, a town six miles north of Maryland-Virginia boundary line, and connecting with Accomac county, Virginia, by a fairly good existing public road; and,

WHEREAS, It is most desirable that the Good Roads System of Maryland be so extended as to connect with the Du Pont Boulevard at its southern terminus so as to afford easy and continuous communication by an unbroken system of improved public highways from points in the State of New York, the New England States, Pennsylvania, New Jersey, Delaware and Maryland, by constructing the said nine miles of road mentioned, a continuous highway or boulevard will be assured from Pocomoke City, a point near the Maryland-Virginia line, to all the northern cities and many other places, and forming an important link in the shortest route from the North to the South.

WHEREAS, It is not within the recorded plan of road improvement formed by the said State Roads Commission, to macadamize or otherwise improve the said nine miles of road, now improved between Berlin and the southern terminus of the Du Pont Boulevard and forming the connecting link therewith; now, therefore,

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That the State Roads Commission created by Chapter 141 of the Acts of 1908 is hereby authorized and directed to con-
