

School Commissioners of said county to remedy the evils which exist; and,

WHEREAS, The condition cannot be properly remedied except by the purchase or condemnation of a new site or sites for schools, and the erection of an additional building and the repair and improvement of existing buildings for the use of said schools; and,

WHEREAS, The relief afforded by the provisions of Chapter 125 of the Acts of the General Assembly of Maryland of 1910, has proved inadequate; and,

WHEREAS, The conditions at the public schools in the Town of Brunswick, in said county by reason of their utter inadequacy to accommodate the number of school children in said town, necessitated the rental of rooms wholly unsuited for school purposes, to the detriment of scholars and teachers, and at a great expense to the county, and demanded immediate action on the part of the Board of County School Commissioners of said county, and said board has contracted for the erection of a new school building in said town, but to pay for the same out of the current revenues will consume the annual levy for new buildings for several years, and deprive the balance of the county of any benefit from said fund for that length of time, and if the same is then expended in remedying the very pressing and deplorable condition in Frederick City (to do which will consume said fund for a number of additional years), not only will deplorable conditions at the schools in Frederick, which call for immediate action, have to continue for some years longer, but the other portions of Frederick county will be deprived for an additional number of years of any benefit from the annual levy for new school buildings, and for additions to old school houses in said county.

NOW, THEREFORE, In order to meet the pressing needs and relieve the annual "Building Fund" so that it will not be consumed for years to come in meeting the present pressing needs in Brunswick and Frederick City,

SECTION 1. *Be it enacted by the General Assembly of Maryland,* That the County Commissioners of Frederick County, in
