

of medicine, in good standing, actually engaged in the practice of such profession in said State, on or before said first day of June, 1892. And upon receiving said application, and being satisfied of the truth of said statement therein contained, said president of such board shall issue or endorse his permit for such applicant to be registered upon a copy of such application, which permit shall also be countersigned by the secretary of said board; and any president of such board to whom such application is addressed may, in his discretion, make inquiry, and examine witnesses under oath, or receive other evidence as to the truth of the statements contained in such application for a permit to be registered; and if the president of either of such boards of medical examiners shall act upon such application, and shall refuse the same, then no president of the other of said boards shall entertain or act upon any application of such applicant for such permit. And upon the presentation of a permit to be registered, signed by the president, and countersigned by the secretary of either of said boards of medical examiners, to the clerk of the county where such applicant may reside, or to the clerk of the circuit court of Baltimore city, if said applicant shall reside in Baltimore city, it shall be the duty of the said clerk to register such application and permit, and the name of such applicant as physician or surgeon, or both, in a book to be kept for such purpose, and a certified copy of such entry of registration under the seal of the court, shall be legal evidence of such registration in all the courts of the State; provided, however, that the provisions of this sub-title shall not apply to those practising medicine in the State of Maryland prior to June, 1892, and who registered as practitioners of medicine prior to July, 1894.

A physician held to have been in active practice so as to entitle him to a permit for registration under this section, provided the president of board to whom application is made is satisfied as prescribed in this section. That the applicant had no diploma is not a good ground for refusal of permit. Failure to register under act of 1894, ch. 217. Mandamus granted. *Manger v. Board of Examiners*, 90 Md. 666.

An. Code, sec. 124. 1904, sec. 95. 1894, ch. 217, sec. 55.

132. All persons who have commenced to practise medicine or surgery in the State of Maryland since the first day of June, 1892, or who shall hereafter commence to practise medicine or surgery in this State, shall not be entitled to be registered in the registry of physicians and surgeons, as required by law, except upon filing with the clerk of the circuit court of the county or city in which he or she shall reside, a license from one of the duly constituted boards of medical examiners of this State, in accordance with the terms of sections 125 and 126, except that physicians and surgeons who have come into this State since said first day of June, 1892, or who shall hereafter come into this State to follow the practice of medicine and surgery, may receive a license, which shall entitle them to be registered as physicians and surgeons, in accordance with law, upon application to one of the duly constituted boards of medical examiners, in accordance with the provisions of section 133 of this sub-title.
