

ting optometry for any person to prescribe, give directions or advise as to the fitness or adaptation of a pair of spectacles, eyeglasses or lenses for another person to wear for the correction or relief of any condition for which a pair of spectacles, eyeglasses or lenses are used, or to use or permit or allow the use of instruments, test cards, test types, test lenses, spectacles or eyeglasses or anything containing lenses, or any device for the purpose of aiding any person to select any spectacles, eyeglasses or lenses to be used for worn by such last mentioned person or by any other person.

An. Code, sec. 258. 1914, ch. 652, sec. 7.

317. Every person who is actually engaged in the practice of Optometry in the State of Maryland on April 13, 1914, shall within six months thereafter file an affidavit in proof thereof with the Examining Board in Optometry, who shall make and keep a record of such person, and shall for the consideration of the sum of five dollars issue to him a certificate of registration. Recipients of said certificate shall within three months present the same for record in the City or County in which they reside, as provided for in this sub-title, and shall pay a fee of fifty cents to the clerk for recording the same, and failure to present said certificate within three months after issuance thereof shall cause forfeiture of same.

An. Code, sec. 259. 1914, ch. 652, sec. 8. 1920, ch. 132. 1922, ch. 231, sec. 259.

318. Every person, not exempt by Section 7, Chapter 652 of the Acts of the General Assembly of Maryland of the Session of 1914, as codified in the Annotated Code of Maryland, Article 43, Section 317, desiring to begin the practice of optometry in this State shall pass an examination before said Board of Examiners, in such subjects and under such rules and regulations as shall from time to time be adopted by said board. Such examination may in the discretion of said board, embrace all subjects relative to optics and optometry contained in text-books or that are now or may hereafter be taught in high-grade educational institutions teaching optics and optometry and kindred subjects, and shall include the anatomy, physiology and pathology of the eye, the use of all instruments used in making examination of the eye, and such other subjects as said board may deem advisable. Any applicant for examination must not be under twenty-one years of age, and must be of good moral character, and must give evidence which shall be satisfactory to the Board of Examiners of having had preliminary scholastic and professional education equal to such standard as may be adopted by said board. Such scholastic and professional standards may, in the discretion of said board, be changed from time to time to meet the demands of the profession. Information as to the scholastic and professional standard adopted by said board shall be furnished to any person upon his written request and shall include any change made in such standard prior to the receipt of such request. Any person applying for examination shall be required to furnish satisfactory proof to said board of scholastic and professional education equal to the standard in force at the time of such application for examination, and, upon furnishing such proof, shall be examined before said board at such time and place as said board may
