

1920, ch. 124, sec. 84.

99. The State Chemist shall have power to refuse to register any commercial feeding stuff under a name, brand or trade mark which would be misleading or deceptive, or which would tend to mislead or deceive as to the materials of which it is composed, or when the specific name of each and all ingredients used in its manufacture are not stated. He shall also have the power to refuse to register more than one commercial feeding stuff under the same name or brand when offered by the same manufacturer, importer, jobber, firm, association, corporation or person. Should any commercial feeding stuffs be registered in this State, and it is afterwards discovered that such registration is in violation of any of the provisions of this sub-title, the State Chemist shall have the power to cancel such registration. The State Chemist shall have the power to refuse to allow any manufacturer, importer, jobber, firm, association, corporation or person to lower the guaranteed analysis or change the ingredients of any brand of his or their commercial feeding stuffs during the term for which registered, unless satisfactory reasons are presented for making such change or changes.

1920, ch. 124, sec. 85.

100. Whenever a manufacturer, importer, jobber, firm, association, corporation or person manufacturing or selling a brand of commercial feeding stuffs shall have filed the statement required by Section 97 and paid the inspection fee, as required by Section 98 of this Article, no other agent, importer, jobber, firm, association, corporation or person shall be required to file such statement or pay such fee upon such brand.

1920, ch. 124, sec. 86.

101. The State Chemist is authorized in person or by deputy to have free access to all places of business, mills, buildings, carriages, cars, vessels and parcels of whatsoever kind used in manufacture, transportation, importation, sale or storage of any commercial feeding stuffs, and shall have the power and authority to open any parcel containing or supposed to contain any commercial feeding stuffs, and to take therefrom samples for analysis, and said State Chemist shall annually cause to be analyzed at least one sample so taken of every commercial feeding stuffs that is found, sold, offered or exposed for sale or distributed in this State, and the result of such analysis, together with such additional information as the said State Chemist may deem advisable, shall be transmitted to the manufacturer or person responsible for placing the commodity on the market, and shall be published in reports or bulletins from time to time.

1920, ch. 124, sec. 87.

102. If it appears that any of the provisions of this sub-title have been violated, the State Chemist shall certify the facts to the proper prosecuting attorney and furnish that officer with a copy of the result of the analysis or other examination of such feeding stuffs duly authenticated by the analysis or other officer making the determination, under the oath of such
