

engineer skilled in the construction or maintenance of highways and bridges, to be selected by the Governor of Maryland, on the application of either of said engineers, in the event of their being unable to agree on such third person, the decision of any two of the board thus selected to be binding on the parties, and to be final and conclusive, unless impeached for fraud as aforesaid. But nothing in this Act shall be taken as obliging said city to replace any road or part of a road, or any bridge, or a turnpike company or turnpike companies, proprietor or proprietors, if in the opinion of said engineers, the purpose thereof will be reasonably answered, so far as the public convenience is concerned, by a road or bridge constructed, or required to be constructed by way of replacement by said city under the provisions of Section 9 of this Act, relating to the diversion, alteration, closure or destruction of public roads or bridges of Baltimore County, nor as obliging said city to replace any public road, or part of a road, or bridge of Baltimore County, under Section 9 of this Act, if in the opinion of said engineers, the purpose thereof will be reasonably answered, so far as the public convenience is concerned by a road or bridge constructed, or required to be constructed by way of replacement by said city, under the provisions of this section of this Act.

1908, ch. 214, ch. 12.

826M. That upon the completion of the storage lake herein contemplated, and forever thereafter until such time as Baltimore City's population and needs require the entire water supply, which said city is entitled to draw from the Gunpowder River, the inhabitants of Baltimore County shall be entitled to the use of not more than ten millions of gallons of water per day from such lake, this allotment to include all water supplied directly by said city to consumers or users in Baltimore County, now or hereafter, through the water mains of said city or through any mains or conduits which may be or become a part of it, or be or become connected with, the reservoirs, pumping stations, or water distribution system of said city. In case it shall be at any time conclusively demonstrated to the County Commissioners of Baltimore County that there is no other adequate and proper water supply for the residents of any portion of the county making application therefor, said commissioners shall have the right to adopt such measures as they may deem expedient to draw from said lake, and distribute any part or all, the remainder of said allotment of ten millions of gallons of water per day, the said County Commissioners to pay or cause to be paid to said Mayor and City Council of Baltimore such sums as may be agreed upon between them; the same not to exceed the rate of one-half cent per one thousand gallons actually withdrawn. Said County Commissioners shall further have the right and power to use in perpetuity sufficient land near such lake or reservoir upon which to locate a pumping station or stations, together with conduit connections from said lake or reservoir to a well or wells, or suction well or wells, or reservoir, on said property and other facilities, including rights of way for all necessary purposes to the nearest public highway or high-
