

1927, ch. 254, sec. 11.

147. The Commission shall be empowered and directed to formulate and enforce such rules and regulations as they may deem necessary for maintaining and operating said sewerage system and said sewage disposal plant under their control, and shall formulate and put into effect plumbing regulations which shall govern the installation and alteration of all drainage arrangements on private property. Said Commission may require that no plumbing or drainage work be done on any private property without the receipt of a permit and the payment of a reasonable charge therefor. Any violation of any rule or regulation promulgated under authority of this Section shall be a misdemeanor, punishable under Section 153.

1927, ch. 254, sec. 12.

148. Commission with the consent and approval of the County Commissioners of Harford County shall have authority to establish grades for all streets, roads, and sidewalks, within the area served by the sewerage system and sewage disposal plant, except streets, highways, county roads, alleys and sidewalks within the corporate limits of the town which have been established and improved, at the time of the passage of this Act for the purpose of enabling the Commission to make their surveys, plans and plats to establish a permanent system of streets and highways. The Commission may require payment from each person or persons submitting a plat for approval of an amount approximately equal to the cost of labor involved in determining whether said plat shall be approved or not, but in no instance shall this charge exceed \$25.00.

1927, ch. 254, sec. 13.

149. The Commission may enter upon any State, county or municipal street, road or alley or any public highway, for the purpose of installing, maintaining and operating the sewerage system and sewage disposal plant provided for under this Act, and they may construct in such street, road or alley or public highway a sewer or any appurtenance thereof, but first must obtain a permit without charge from the proper authorities controlling such street, road or alley or public highway, provided that whenever any State, county or municipal highway is to be disturbed that said highway shall be repaired and left by the Commission in the same, or a not inferior, condition to that existing before being torn up, and that all costs incident thereto shall be borne by the Commission.

1927, ch. 254, sec. 14.

150. Upon application to the Commission any property owner, whose property does not abut on a sewer, may have his property connected with the system at his own expense, except that the Commission shall install and pay for the portion referred to in Section 142; and thereafter his property shall be assessed as though abutting on the sewer, provided, however, that said Commission shall have the right at any and all times to
