

with the corporate seal of said Commissioners affixed and shall be registered by the Clerk of the said Commissioners in a book kept for that purpose.

1920, ch. 419, sec. 4.

281. After the construction of the water supply system and the sewerage system as provided for in this Act by the Commissioners of Millington, the Commissioners of Millington shall have charge of said water supply system and sewerage system so erected and constructed and shall operate the same with authority to employ and pay such engineer, workmen, laborers and employees as may be necessary to carry on and maintain the same and shall have authority to purchase materials and supplies necessary to operate the same and to make repairs and additions thereto as necessity may require; and to fix, charge, and collect water rates and water rents for the use of the water obtained under said system and to adopt and provide rules and regulations therefor and to fix, charge and collect sewerage rents or sewerage rates for the use of said sewerage system and to adopt and provide rules and regulations therefor.

1920, ch. 419, sec. 5.

282. After repairs, maintenance, running and extension expenses are paid out of or retained out of the water and sewerage rents received by the said Commissioners of Millington from the operation of said systems, all surplus revenue shall be applied by the said Commissioners of Millington towards the payment of interest on said bonds as said interest shall be due and payable and towards the payment of the redemption of the said bonds as the same mature from time to time, and the said Commissioners of Millington are hereby authorized and directed in each and every year to levy upon the assessable property in the said town of Millington, such sums of money as may be necessary to pay the interest on said bonds as said interest shall become due and payable and also to levy such sums in addition thereto as may be required to pay or redeem said bonds as the same mature from time to time until all of said bonds shall have matured, which tax shall be levied and collected by the said Commissioners of Millington in the same manner as the town taxes now are or may be hereafter collected and have the same priority, rights, bear the same interest and penalties and in every respect be treated the same as said town taxes for the Town of Millington now are, and shall be in addition to the taxes which are or may hereafter be collected for the said town of Millington.

1920, ch. 419, sec. 6.

283. The Commissioners of Millington for the purpose of assessing benefits for the construction of said water supply and sewerage system for said town, shall divide all properties binding upon a street, lane, alley or right-of-way, in which a water main or a sewer is to be laid, into four classes, namely: agricultural, small acreage, industrial or business, and sub-division property. Immediately upon the commencement of the water supply and sewerage project the Commissioners of Millington are empow-
