

mission shall bear a penalty of one per centum per month for which the Treasurer withholding the same shall be personally liable.

Upon the expiration of the terms of the present Treasurers of the respective counties, the County Commissioners of said Counties are hereby directed to require the bonds of said Treasurers to be conditioned upon the payment to said Commission of the amount collected for it, in addition to the present requirements of said bonds.

The said Commission shall pay to the Treasurers of the respective Counties such an amount as the Treasurers and said Commission may agree upon as a reasonable charge for clerk hire for the added burdens put upon their offices by the duties herein prescribed, and in the event of a failure to agree the said Treasurer or Treasurers and said Commission shall refer the matter to the County Commissioners of the County where the disagreement arises and the said County Commissioners shall determine what, in their judgment, is a reasonable compensation annually for said Treasurer. The amount agreed upon or determined shall be paid to the respective Treasurers monthly by said Commission.

1913, ch. 122, sec. 9. 1927, ch. 506, sec. 9.

999. Said Commission shall provide for each and every property abutting upon a street or right of way in which, under this Act, a water main or sanitary sewer is laid, a water service pipe or sewer connection which shall be extended, as required, from the water main or sewer to the property line of the abutting lot, said service pipe or connection to be constructed by, and at the sole expense of, said Commission. When any water main or sewer is declared by said Commission complete and ready for the delivery of water or the reception of sewage, every abutting property owner, after due notice, shall make connection of all spigots or hydrants, toilets and waste drains with said water main or sewer within a time prescribed by said Commission. Where the aforesaid fixtures do not exist, or are of a nature which, in the judgment of the Commission, is improper or inadequate, satisfactory equipment shall be installed. All cesspools, sink drains, and privies shall be abandoned and left in such a way that they cannot again be used nor injuriously affect the public health, said disposition to be determined by the Commission; and all wells that are found by the Commission to be polluted or a menace to health shall likewise be abandoned and closed.

Whenever there exists, at any time after construction or acquisition of any water main or sewer, on any property abutting upon said water main or sewer a condition, due to the refusal of the owner or occupant of said property to connect his, her or its property to either a water main or sewer, that appears to be a menace to the health of the occupants of said property or the occupants of adjoining or nearby property, the Commission may require a connection to either the water main or sewer, or both, if, after ten days' notice and an opportunity to be heard by either the owner or occupant, said Commission determines such condition to be a menace to health as aforesaid. In the event said Commission
