

money received from the road levy of that year as the same shall become available.

1922, ch. 200, sec. 285.

893. For new bridge and culvert construction, and for emergency road and bridge repair, there shall first be drawn by the said Board of County Commissioners out of the sum annually levied for road and bridge purposes a sum not to exceed \$15,000.00, the same to be apportioned and expended by the County Commissioners among the road districts created by this Act in an equitable manner as shall be determined by said Board of County Commissioners.

That on and after the first Monday in December in each year, if there is remaining any part of the emergency fund of \$15,000.00 herein provided and unexpended and unpledged, the said sum so remaining shall be used for graveling and cindering the roads, and said funds shall be equally distributed among the several road districts according to road mileage.

1922, ch. 200, sec. 286.

894. And in case it shall be found impossible or impracticable in any road district to hire teams, said road supervisors, with the consent of the district road committees, are authorized to purchase a team or teams and harness for his road district, chargeable to the road fund of his road district, and with the consent of said district road committee may sell such team or teams and harness and the proceeds thereof shall be turned over to the Board of County Commissioners for the benefit of said road district fund exclusively. Said district supervisor, with the consent of his district road committee, and with the approval of the County Commissioner, may purchase from time to time such machinery and equipment as may be needed for the actual working of roads in said road district in order that each road district may eventually have its own machinery and equipment; the right to dispose of the same because of impairment and use at any time being subject to the approval of the County Commissioners, upon the written recommendation of the district road committee or a majority thereof, the proceeds thereof to be turned over to the Board of County Commissioners for the said district road fund exclusively, or utilized by the said district supervisor, under the sanction of the district road committee, with the approval of the County Commissioners, for the purchase of new machinery and equipment.

1922, ch. 200, sec. 289.

895. Upon the petition of one hundred or more voters within any road district, excluding incorporated towns, addressed to the Board of Supervisors of Elections setting forth that they desire the voters of said district, excluding incorporated towns, to vote upon the question as to whether or not there shall be a special district levy for road and bridge purposes, and shall further set forth in said petition the annual tax levy to be made, which shall not exceed five cents on the \$100.00, and the number of years the same is to be levied, which shall not exceed two years, and
