

collected and enforced. Said bill may be filed against the owner of record at the time said levy was made, or the owner of record at the time said bill is filed, or any owner of record between said dates, and publication thereon shall be notice to all persons having any interest in said property.

1927, ch. 676, sec. 11.

433. The Commission shall provide for each and every property abutting upon a street or right-of-way, in which under this Act, a water main or sewer is laid, a water service pipe or sewer connection which shall be extended, as required, from the water main or sewer to the property line of the abutting lot, said service pipe or connection by and at the sole expense of the Commission, but subject to a reasonable charge for said connection as provided in Section 434 of this Article, which said charge shall be paid by all property owners at the office of the Commission before the actual connection with any pipe or private property is made. When any water or sewer is declared by said Commission complete and ready for the delivery of water or the reception of sewage, every abutting property owner, after due notice, shall make a connection of all spigots or hydrants, toilets and waste drains with said water main or sewer within the time prescribed by the Commission. Where the aforesaid fixtures do not exist, or are of a nature which, in the judgment of the Commission is improper or inadequate, satisfactory equipment shall be installed. All cesspools, sink drains and privys shall be abandoned and closed. Any violation of the provisions of this section shall be a misdemeanor punishable under Section 444 of this Article.

1927, ch. 676, sec. 12.

434. Before any plumbing, water works or sewer construction is done in any building, or upon any private property, within any Sanitary District, the person, firm or corporation doing the same shall first obtain a permit from the Commission and pay therefor such reasonable sum as the Commission may prescribe. Such work shall be done under and pursuant to such rules, regulations and requirements as the Commission may from time to time formulate, and subject to such inspection as it may deem necessary. No connection of any kind shall be made with any water main or sewer, constructed or maintained by the Commission, without a permit and under such conditions as the Commission may authorize. In order to prevent waste of water, the Commission or its agents or employees shall have the right of entry at reasonable hours to all buildings or premises having any connection with the water supply or sewerage systems under its jurisdiction, and may, upon presenting proper credentials from the Commission, order and require such changes in all plumbing, water works or water or sewer connection as it may deem necessary to eliminate leakage, loss of water, or unnecessary or improper use of sewers. No private or semi-public water supply or sewerage installation intended for the use of two or more buildings or premises shall be constructed in any Sanitary District without the person, firm or corporation doing the work.
