

1924, ch. 494, sec. 5.

**325.** The Commission shall provide for each and every property abutting upon a street or right of way in which, under this Act, a water main or sanitary sewer is laid, a water service pipe or sewer connection which shall be extended, as required, from the water main or sewer to the property line of the abutting lot, said service pipe or connection to be constructed by and at the sole expense of the said Commission. When any water main or sewer is declared by said Commission complete and ready for the delivery of water or the reception of sewage, every abutting owner shall, after due notice, make connection of all spigots or hydrants, toilets or waste drains with said water main or sewer within a time prescribed by said Commission. Where the aforesaid fixtures do not exist or are of a nature which, in the judgment of the Commission, is improper or inadequate, satisfactory equipment shall be installed. All cesspools, sink drains and privies shall be abandoned and left in such a way that they cannot again be used or injuriously affect the public health, said disposition to be determined by the Commission; and all wells that are found by the Commission to be polluted or a menace to health shall likewise be abandoned and closed. Any violation of the provisions of this section shall be a misdemeanor punishable under Section 338 of this subtitle.

1924, ch. 494, sec. 6.

**326.** No water supply, sewerage or storm water drainage system, or any part or appurtenance thereof, and no water mains, sewers or drains, or connections therewith, within such parts or portions of said City of Salisbury as have been supplied with sewerage or water systems under the provisions of this Act, whether upon private premises or otherwise, shall be constructed by any person or persons, firm, corporation, institution or community without the written consent of and under rules prescribed by the Commission, and any violation of this section shall be punishable in the same manner and subject to the same penalties as provided under Section 338 of this subtitle.

1924, ch. 494, sec. 7.

**327.** Where the city or any person or persons, firm, corporation, institution or community has a completed or partially completed water supply, sewerage or drainage system, or water main, sewer or drain within the City of Salisbury, the Commission may, as a part of the main general system, use and operate said completed or partially completed system or water main, sewer or drain; and may use, operate or acquire the same by gift, purchase, condemnation, lease or otherwise, and require all properties within reasonable distance therefrom to be connected therewith, and said properties shall thereupon be liable for the payment of such charges as the Commission may think right and proper, and all of said properties connected with or to be connected with the said completed or partially completed water supply, sewerage or drainage system, shall be subject to all the provisions of this Act, and be under the supervision and control
