

ing as to the disability assigned as reason for a retirement shall have been certified by them to the County Commissioners of Baltimore County.

1920, ch. 713, sec. 1. B. Co. C. (1928), sec. 246.

246. The Chief Engineer of the Fire Department of Baltimore County be and he is hereby, authorized and empowered to at any and all reasonable times, enter upon and into any and all public buildings, stores, warehouses, factories or any other structures or premises used for commercial purposes within the limits of Baltimore County, for the purpose of examining and inspecting the same, to ascertain the conditions thereon or therein with regard to the presence or arrangement of deposits of, or any article, materials, substances, goods, wares, merchandise or any other thing or things, which may, in his opinion tend to create danger of or from fire, or unnecessarily and unreasonably interfere with the work of the Fire Department of Baltimore County, in the event of fire on or in said premises, buildings or structures, or the loss of life of the occupants or other persons on or in said premises, buildings or structures in the event of fire; also with regard to the condition, size, arrangement and efficiency of any and all appliances for fire prevention or for protection against fire on or in such premises, buildings or structures.

1920, ch. 713, sec. 2. B. Co. C. (1928), sec. 247.

247. The said Chief Engineer of the Fire Department of Baltimore County be, and he is hereby, authorized and empowered to direct such and as many members of the Fire Department of the County of Baltimore as may, in his judgment, be necessary to make the inspections hereinbefore provided for, who shall report, in writing, the results of their inspections so made to the said Chief Engineer of the Fire Department of Baltimore County, and for the purpose of making which inspections such members of the Fire Department of Baltimore County as may be so directed and designated, are hereby authorized and clothed with the same power to enter upon and into and inspect any premises, buildings or structures within the limits of the County of Baltimore as is hereby given to the said Chief Engineer by Section 246 of this Article.

1920, ch. 713, sec. 3. B. Co. C. (1928), sec. 248.

248. That if as a result of the inspection or inspections by this Act authorized to be made the Chief Engineer of the Fire Department of Baltimore County shall be of the opinion that on or in any public buildings, stores, warehouses or any other structures or premises used for commercial purposes within the limits of the County of Baltimore, any rubbish, debris, waste, inflammable or combustible material found thereupon or therein is not so deposited or arranged as to afford a reasonable safeguard against the danger of fire or from fire, or that the articles, materials, goods, wares and merchandise found on or in said premises, buildings or structures, are so deposited or arranged that the occupants thereof or persons on or in the same would not, because of such disposition and
