

and to revoke or suspend said license for any violation of the provisions of this law.

Any person applying for registration, who is twenty-one years of age and of good moral character and who has satisfactorily completed a four-year course of architecture in any recognized day or night school in the City of Baltimore or in the State of Maryland, and who has served five years in the contracting business, either in an office or in the field, shall be registered without examination and shall be entitled to practice with all the rights and privileges of a licensed architect, under the provisions of this law.

1935, ch. 309, sec. 394.

462. (Persons Exempt.) The following persons shall be exempt from the provisions in this sub-title.

(a) Professional and practicing engineers who are engaged in giving or offering to give for a consideration unbiased advice to clients concerning the selection of site or structural design of buildings, the repair or alteration to existing buildings, or any other service in connection with the planning or supervision of construction of buildings where the consultant charges for knowledge and skill and has no prejudicial interest in the project either as owner, contractor or producer or seller of material, and who holds himself out as able to perform or who does perform any professional service, such as consultation, investigation, evaluation, planning, structural design or responsible supervision of construction, in connection with any private or public buildings, structures or projects, or the equipment or utilities thereof, or the accessories thereto wherein the safeguarding of life, health or property is concerned or involved, when such professional service requires the application of the art and science of construction based upon the principles of mathematics and the physical sciences, provided, however, that no such engineer shall use the designation "architect" unless licensed in accordance with the provisions of this sub-title.

(b) Professional landscape architects who are engaged in the design, construction and/or supervision of structures of not more than one story in height, nor with a clear span in excess of 25 feet, or without roofs, incidental and/or supplemental to the practice of landscape architecture; and real estate brokers, dealers and agents when engaged in the appraisal of properties and the selection of sites.

(c) Employees of the United States, the State of Maryland, counties and municipalities and other agencies and political sub-divisions of the State of Maryland, but only for and during the term of their respective offices and only while in discharge of their duties as such employees.

(d) Non-residents acting as Consulting Architects, provided such consultant is legally qualified for practice in his own State, and that he acts or speaks only through a properly licensed architect when acting in this capacity in the State of Maryland.

1935, ch. 309, sec. 395.

463. (No Corporation or Partnership to be Licensed.) No Corporation or partnership as such, shall be licensed or registered to practice architecture, nor shall said corporation or partnership as such, be entitled to use any form of the title "Architect" in connection with the corporate name or his partnership as such.
