**501.** Every person, association, copartnership, or corporation engaged in the business of buying milk or cream on the basis of or in any way with reference to the amount of butterfat contained therein or tests made for official inspection or public record, shall have the samples taken for testing purposes either by a licensed tester or by a person licensed or certified to weigh and sample milk and cream. Every person, association, copartnership or corporation engaged in the business of buying milk or cream on the basis of weights shall have the milk or cream weighed either by a licensed tester or by a person licensed or certified to weigh and sample milk and cream. For the purpose of this sub-title a person certified to weigh and sample milk or cream is any person, who having furnished satisfactory evidence of good character and having passed a satisfactory examination in weighing and sampling milk and cream conducted by the University of Maryland College of Agriculture shall have received a license from said University of Maryland College of Agriculture. Each applicant for examination for such license shall pay a fee of one dollar (\$1.00) to said University of Maryland College of Agriculture. The University of Maryland College of Agriculture upon receipt of the payment of a fee of two dollars (\$2.00) shall issue a license to said applicant good for one calendar year. This license shall be renewed annually without further examination at the discretion of the University of Maryland College of Agriculture upon the payment of two dollars (\$2.00). All moneys so collected shall be used to meet the expenses of the University of Maryland College of Agriculture in the enforcement of this sub-title. Each licensed weigher and sampler shall post his or her license in plain view in the plant in which he or she is employed. The University of Maryland College of Agriculture may revoke said license for failure to post it as above mentioned or for any other just cause. All scales shall be tested and checked regularly for accuracy and to determine whether they are in proper working order. For this purpose the University of Maryland College of Agriculture may use so much of the fees received under the provisions of this sub-title to purchase testing equipment and to pay the compensation and expenses of such inspections as may be necessary to enforce the provisions of this sub-title.
