### **Agricultural Lime.**

An. Code, 1924, sec. 106. 1912, sec. 89. 1912, ch. 176, sec. 91. 1935, ch. 512, sec. 106.

**121.** All agricultural liming materials and gypsum, sold, offered, or exposed for sale within this State, shall have attached to it or be accompanied, in the manner provided in Section 123 hereof, by a plainly printed statement giving the following information:

(a) The name of the manufacturer or importer, and the address of his principal office.

(b) The name of the place where manufactured.

(c) The brand or trade name of the material.

(d) The name of the form of the material.

(e) The net weight, when the material is sold in packages.

(f) The fineness of the material, if in a ground or powdered form, showing the percentage passing the twenty mesh sieve, the sixty mesh sieve, and the one hundred mesh sieve.

(g) The minimum per cent. of oxide of calcium (CaO), and of oxide of magnesium (MgO), and, in the case of gypsum the minimum per cent. of calcium sulphate (CaSO<sub>4</sub>).

(h) With respect to all burned forms of liming materials, including mixtures of burned and unburned liming materials, statement of the total maximum per cent. contained of oxides and calcium and oxides of magnesium, which are combined as carbonates. The information given in the said statement shall be held to be the guaranty of the manufacturer or importer that the goods to which said statement refers are of the kind and quality or composition and fineness so set forth.

(i) After July 1, 1935, the word "lime" shall not be placed anywhere on a package containing agricultural liming material which has less than sixty per cent. of its total weight in the form of oxides or hydroxides of calcium or magnesium, except in the required statement of minimum analysis or as part of the name of the company manufacturing or selling it.

1935, ch. 512, sec. 107.

**122.** For the purposes of this sub-title, the term "agricultural liming materials" means any substances that contain calcium and magnesium in condition and quantity suitable for use in neutralizing soil acidity, or that
