

(3A) (Danger and Caution Signals.) Every motor bus and every motor omnibus for the carriage of passengers for hire, except taxicabs, and every commercial motor vehicle having a carrying capacity of two tons or over, shall be equipped with at least two red or yellow burning danger or caution signals, with friction cap ignition, similar in type to a time-burning railway fuse signal, and so constructed as to burn with a brilliant red or yellow light for not less than fifteen minutes.

Whenever any such vehicle becomes disabled while within the limits of the traveled part of a highway to such an extent that it cannot proceed under its own power, and its lighting is so disabled that it constitutes a menace to other vehicular traffic, the operator thereof shall cause to be continuously displayed on the surface of the highway the red or yellow burning danger or caution signals, as herein required, in such manner as to prevent personal injuries, loss of life, and damage to property by collision.

Any person violating any of the provisions of this Section shall be deemed guilty of a misdemeanor and upon conviction shall be subject to a fine of not less than five nor more than fifty dollars, and in default of payment thereof shall be liable to imprisonment for not less than ten nor more than thirty days in the discretion of the Justice of the Peace or the Court hearing such case.

(4) (Mufflers.) No driver or operator of any motor car, taxicab, automobile, motor truck or motorcycle shall use any cutout, fitting or other apparatus or device which will allow the gases from the engine of the motor vehicle to escape into the atmosphere without first passing through a silencer, expansion chamber or other contrivance suitable and sufficient for reducing as far as may be reasonably practicable the noise which would otherwise be caused by the escape of the said gases; provided that this regulation shall apply to a motor vehicle propelled by an internal combustion engine.

(4A) (Emblems.) It shall be unlawful for any person to display upon a motor vehicle the insignia or emblem of any motor vehicle club or similar organization, unless he shall be entitled to use the same under the constitution, by-laws, rules or regulations of such club or organization.

(4B) (Smoke Screen.) No motor vehicle of any kind shall at any time, whether in use or not in use, carry or be equipped with any device, designed, constructed or intended to be used for the purpose of emitting or laying down a smoke screen or emitting or discharging any screen of vapors, gases, fumes or substances of any kind, and it shall be unlawful for any such device, or part of such device, whether in operating condition or not, to be attached to any motor vehicle. Any person violating any of the provisions of this sub-section shall be guilty of a felony and, upon conviction thereof, shall be punished by imprisonment in the House of Correction for a term of not less than one year nor more than five years in the discretion of the Court.

(5) (Penalties.) Any person violating any of the provisions of this section shall be deemed guilty of a misdemeanor, and except in other cases in this section otherwise provided for, upon conviction, subject to a fine of not less than five dollars (\$5.00) nor more than fifty dollars (\$50.00), for the first offense; provided, however, that in the event approved lenses or bulbs are used, and, due to improper adjustment, they do not comply with all the provisions of this section, no penalty shall be imposed for the first offense.
