

of any dairy, or the parties supplying milk as named in Section 24 the premises wherein cows are kept, and if such premises are found in an unsanitary condition, the said Board may prohibit the sale and shipment of milk from such premises until such time as such premises shall conform to the following sanitary rules:

Rule 1. No building or shed shall be used for stabling cows for dairy purposes which is not well lighted and ventilated, and which is not provided with sufficient feed troughs or boxes, and suitable floor, laid with proper grades and channels to immediately carry off all drainage; and if a public sewer abuts the premises upon which such building is situated, they shall be connected therewith whenever the Inspector considers such sewer connection necessary.

Rule 2. No water closet, privy, cesspool or urinal, inhabited room or workshop shall be located within any building or shed used for stabling cows for dairy purposes, or for the storage of milk or cream; nor shall any fowl, hog, sheep or goat be kept in any room used for such purposes.

Rule 3. It shall be the duty of each person using any premises for keeping cows for dairy purposes to keep such premises thoroughly clean and in good repairs and well painted or whitewashed at all times.

Rule 4. It shall be the duty of each person using any premises for keeping cows for dairy purposes to cause the buildings in which cows are kept to be thoroughly cleaned, and remove all dung from the premises so as to prevent its accumulation in great quantities.

Rule 5. Any person using any premises for keeping cows for dairy purposes shall provide and use a sufficient number of receptacles, made of nonabsorbent materials for the reception, storage and delivery of milk, and shall cause them at all times to be cleaned and purified, and shall cause all milk to be removed without delay from the rooms in which cows are kept.

Rule 6. Every person keeping cows for the production of milk for sale shall cause every such cow to be cleaned every day, and to be properly fed and watered with an abundance of pure, clean water.

Rule 7. Any enclosure where cows are kept shall be graded and drained, so as to keep the surface reasonably dry; no garbage, fecal matter or similar matter shall be placed or allowed to remain in such enclosure unless sufficient straw or similar good absorbent material be used to keep the enclosure clean at all times, and no open drain shall be allowed to run through it. Any person who shall ship or sell milk contrary to the aforesaid order of said Board, shall be deemed guilty of a misdemeanor, and upon conviction shall be fined not less than one dollar nor more than twenty dollars for each day during which shipments shall be made after notice of such order.

See art. 43, sec. 201, *et seq.* See note to sec. 24 (this article).

An. Code, 1924, sec. 26. 1912, sec. 22. 1916, ch. 337.

26. The State Board of Agriculture is hereby empowered to appoint and employ such assistants and agents, and to purchase such supplies and materials as may be necessary; to conduct examinations into the condition and care of the live stock of the State in its relation to the milk supply of cities, towns and villages or elsewhere, as may seem necessary; and to make rules and regulations which shall have the effect of law for the protection of such milk supplies in its relation to public health and for
