

of such work as a foreman or superintendent shall not be deemed to be practice in professional engineering.

(Non-Practicing Applicants.) Any person having the necessary qualifications prescribed in this Article to entitle him to registration shall be eligible for such registration although he may not be practicing his profession at the time of making his application.

1939, ch. 752, sec. 13.

13. (Applications and Registration Fees.) Applications for registration shall be on forms prescribed and furnished by the Board, shall contain statements made under oath, showing the applicant's education and detail summary of his technical work, and shall contain not less than five references of whom three or more shall be engineers having personal knowledge of his engineering experience.

The registration fee for professional engineers shall be twenty-five dollars (\$25.00), fifteen dollars (\$15.00) of which shall accompany the application, the remaining ten dollars (\$10.00) to be paid upon issuance of certificate. When a certificate of qualification issued by the National Bureau of Engineering Registration is accepted as evidence of qualification, the total fee for registration as Professional Engineer shall be ten dollars and 00/100 cents (\$10.00).

The registration fee for land surveyors shall be fifteen dollars (\$15.00), which shall accompany the application.

When a person desires registration both as Professional Engineer and Land Surveyor, the fee shall be twenty-five dollars (\$25.00), which shall accompany application.

Should the Board deny the issuance of a certificate of registration to any applicant the initial fee deposited shall be retained as an application fee.

1939, ch. 752, sec. 14.

14. (Examinations.) When oral or written examinations are required, they shall be held at such time and place as the Board shall determine. If examinations are required on fundamental engineering subjects (such as are ordinarily given in college curricula) the applicant shall be permitted to take this part of the professional examination prior to his completion of the requisite years of experience in engineering work, and satisfactory passage of this portion of the professional examination by the applicant shall constitute a credit for a period of ten years.

The scope of the examinations and the methods of procedure shall be prescribed by the Board with special reference to the applicant's ability to design and supervise engineering works so as to insure the safety of life, health and property. Examinations shall be given for the purpose of determining the qualifications of applicants for registration separately in Professional Engineering and Land Surveying. A candidate failing on examination may apply for re-examination at the expiration of six months and will be re-examined without payment of additional fee. Subsequent examination will be granted upon payment of a fee to be determined by the Board, which fee shall not exceed ten dollars (\$10.00).
