

REPORTS FROM PRIVATE SCHOOLS, ACADEMIES AND COLLEGES.

121. For the purpose of collecting accurate statistical information relative to all the facilities for education within the State, it is requested that every teacher conducting a private school or academy in the city of Baltimore or any of the counties, and the proprietor of every boarding school, shall on or before the first day of July in each year, report to the president of the board of school commissioners of the city or county in which his school is located, the average number of scholars, male and female, the number of months that the school has been in session, the aggregate cost of tuition and board, the course of study, and such other information as will enable the said president to present to the State Superintendent a statement of the condition of such private seminaries of learning.

122. The president of each college in the State established by private or denominational enterprise, is requested to report annually, on or before the first day of July to the State Superintendent, the condition of such college, the value of its property, amount of endowment, number of students, cost of board and tuition, and all other information that will enable the Superintendent to present to the General Assembly an accurate statement of the condition of the colleges of the State.

123. To secure uniformity and completeness in these reports, the State Superintendent is directed to prepare suitable blank forms and to distribute them when requested to the parties concerned.

124. No member of a board of school commissioners shall be interested, directly or indirectly, in any contract for building school houses or furnishing articles purchased for the schools under his charge, whether for permanent use or immediate consumption.
