

1904, ch. 399, sec. 4.

64. Any physician or person practising as a physician who shall fail to execute the duties herein prescribed, or who shall knowingly report as affected with pulmonary or laryngeal tuberculosis any person who is not so affected, or who shall wilfully make any false statement concerning the name, age, color, sex, address or occupation of any person reported as affected with pulmonary or laryngeal tuberculosis, or who shall certify falsely as to any of the precautions taken to prevent the spread of infection, shall be deemed guilty of fraud, and on conviction thereof shall be subject to a fine of one hundred dollars, or to imprisonment not exceeding six months, or both fine and imprisonment, in the discretion of the court.

Ibid. sec. 5.

65. The State board of health shall prepare and keep on hand all the circulars, blanks and printed matter required by the preceding section and all additional printed matter necessary in executing these provisions, and shall issue the same in sufficient quantity to the local boards of health upon due requisition of the latter; and the said State board of health shall further purchase and issue upon due requisition to the local boards of health the supplies herein required. For the purpose of defraying the expenses of printed matter and postage, for recompensing physicians for measures of prophylaxis, and for purchasing and issuing the supplies necessary in carrying out these provisions the sum of five thousand dollars annually or as much thereof as may be necessary is hereby appropriated, payable by the treasurer of the State upon warrant of the comptroller at such times and in such sums as may be authorized by the State board of health upon presentation of the proper voucher.

1890, ch. 622, sec. 1.

66. Whenever any physician or person acting as a physician shall know or shall have cause to believe that any person whom he has attended during the last illness of such person in this State, outside the limits of the city of Baltimore, has died of small-pox, cholera, yellow fever, typhoid or typhus fever, diphtheria, leprosy, or any other disease of a contagious, infectious or epidemic character, the said physician or person acting as a physician shall, over his own signature, immediately give notice thereof to the secretary of the State board of health, which notice shall state the cause of the death, the name, age, sex and
