

plans, be submitted to the next session of the legislature, and that special reports be prepared at such time as they are deemed necessary.

1898, ch. 454, sec. 5.

30. Said commission shall see that record is kept of all its proceedings, and of all moneys received and spent under its direction and for what purposes; which record and account shall be submitted to the said commission at the semi-annual meetings of the same to take place in March and November, such records and accounts to be always open to the inspection of any committee which the legislature may appoint.

Ibid. sec. 6.

31. All moneys paid out on account of this work shall be paid by the State treasurer upon the order of the executive officer of the commission endorsed by the comptroller.

Ibid. sec. 7.

32. The sum of ten thousand dollars annually, or so much thereof as may be necessary, is appropriated out of any money in the treasury not otherwise appropriated for the purpose of carrying out the provisions of this sub-title.

1904, ch. 225, sec. 1.

33. Whenever any board of county commissioners of any county in this State shall by resolution have declared their intention to cause any particular road, or section thereof, within such county, to be built or improved under the provisions of this sub-title, such board shall notify said commission by written notice to the chief engineer of said commission, on or before the first day of March in each year, and shall request of said commission plans and specifications and an estimate of the cost of the proper performance of said work according to said plans and specifications.

Ibid. sec. 2.

34. Whenever the owners of two-thirds of the lands binding upon any public road or section of road, not less than one mile long, shall present a petition to the county commissioners of the county where such road, or section of road, may be situated, stating in said petition the desire of said petitioners to have said road, or section thereof, constructed or repaired under the provisions of this sub-title, and stating further the willingness of such petitioners to pay for the said construction or repairs a sum equal to ten per centum of the cost of such construction
