1892, ch. 329, sec. 1.

1. There is established a State weather service which shall be under the control and management of the Johns Hopkins University, the Maryland Agricultural College and the United States weather bureau; the officers of said service shall be a director designated by the president of the Johns Hopkins University, a secretary and treasurer designated by the president of the Maryland Agricultural College, and a meteorologist in charge, designated by the chief of the United States weather bureau; they shall be commissioned by the governor and be duly qualified as officers of the State. The said officers shall constitute a board of government under the direction of the institutions from which they are appointed and shall receive no compensation for their services as such officers.

Ibid. sec. 2.

2. The central station and office of said service shall be at the Johns Hopkins University. The board of government shall establish, if practicable, one or more voluntary meteorological stations in each county in the State and supervise the same, co-operating with the chief of the United States weather bureau, for the suitable location of such stations, in order that
