

fixed and permanent objects on the shore, giving courses and distances, to be fully described and set out in a written report of said survey, as hereinafter required. A true and accurate delineation of the same shall be made on copies of published maps and charts of the United States coast and geodetic survey, which said copies shall be filed in the office of the said commissioners in the city of Annapolis; and the said commissioners shall further cause to be delineated upon copies of the published maps and charts of the United States coast and geodetic survey, of the largest scale, one copy for each of the counties of this State in the waters of which there are natural oyster beds, bars and rocks, all natural beds, bars and rocks lying within the waters of such county, which maps shall be filed in the offices of the clerks of the circuit court for the respective counties wherein the grounds so designated may lie. The said survey shall be made by the hydrographic engineer employed by said board, as provided in section 84, acting under the direction and control of the said commissioners. The said natural beds or bars shall be marked by buoys, which shall be known as State buoys.

1906, ch. 711.

**87.** The governor of this State is hereby requested to ask the assistance of the United States coast and geodetic survey, and of the United States fish commissioner to aid in the carrying out of the provisions of the preceding section.

Ibid.

**88.** The county commissioners of each and every county in this State, in which there are natural oyster beds, bars or rocks, shall be authorized to appoint some resident of their said county, who is well acquainted with the situation and location of oyster beds, bars or rocks, in the waters of such county, who shall aid the said board by furnishing any information he may possess concerning the situation and location of recognized oyster beds, bars and rocks in the waters of such county, and who shall accompany the said commissioners and the hydrographic engineer appointed by said board, but only within the limits of his county, in the making said survey of the natural oyster beds, bars and rocks; the said appointee to receive a compensation of five dollars per day when actually so engaged.
