

or cause to be treated with the proper remedies and appliances all such trees, vines, shrubs, plants and grains. Further, said State officers shall treat or have treated, in order to prevent the dissemination of the aforesaid insects and diseases, any and all suspicious trees, vines, shrubs, plants and grains found to be in a dangerous proximity to those infested as aforesaid.

1896, ch. 290. 1898, ch. 289.

66. The sum of twelve thousand dollars annually is hereby appropriated in order to carry out the provisions of this subtitle and properly provide for the above described inspection; to employ men qualified for their respective positions; to procure the requisite facilities and equipment necessary for the proper performance of the duties herein imposed, and to offer means of support for investigation in addition to the inspection work of the State officers, and the dissemination of information that will promote horticultural and agricultural interests of this State; said appropriation to be divided as follows: \$4,000 for the State horticulturist and \$8,000 for the State entomologist and State pathologist.

Approved April 9, 1906.
