

3. That any failure to comply with any or all of the conditions provided in section two of this act, shall be punishable by a fine of one hundred dollars (\$100) for the first offense, and of two hundred dollars (\$200) for every subsequent offense.

4. That any person, firm or company selling or offering for sale any fertilizer in this State, or intending so to do and not licensed by the comptroller as provided by this act, shall on or before the thirty-first day of July in each and every year send his or their name or names, with postoffice address, and the names of the kinds, brands and trade-marks, and of the manufacturer, importer or manipulator of each fertilizer sold or proposed to be sold, to the Maryland agricultural college, and the same shall be registered in suitable books kept for that purpose; and any failure to comply with the provisions of this section shall be punishable by a fine of twenty-five dollars (\$25) for the first offense, and of fifty dollars (\$50) for every subsequent offense.

5. That it shall be the duty of the Maryland agricultural college to analyze, without cost or charge, all samples of fertilizers sent to it for the purpose of being analyzed, by any person or persons purchasing or procuring the same in this State, for his or their use or uses; provided, such samples are taken and sent as described by this act, and free of cost of transportation to said college, and it shall be the duty of the Maryland agricultural college to procure samples, as far as practicable in every year, of all the fertilizers sold and used in this State, for the purpose of analyzing the same, and any duly authorized agent or representative of said college shall have the right to take samples as provided by the act, from any lot or parcel of fertilizer *in transitu*, or in the possession or keeping of any manufacturer, manipulator, dealer or agent, and sold or offered for sale in this State; and it shall be the duty of the Maryland agricultural college to send the result of every analysis of a sample of fertilizer to the person from whom such sample was taken or received, and also to publish from time to time the results of the analysis made by the said college of the samples sent to or procured by it for such purpose; and it shall be the duty of the Maryland agricultural college, when reporting or publishing the result of any analysis made, to state the commercial value in dollars and cents, of the fertilizer so analyzed, per ton of two thousand pounds, such value to be based upon the analysis made by the college, and upon a standard of valuation to be ascertained, fixed and published by said college annually, after conference with the proper of adjacent States.

6. That all samples of fertilizers for analysis at the Maryland agricultural college shall be taken from unbroken packages that have not been injured *in transitu* or by exposure, and when in the possession of purchasers within thirty days after coming into their
