

201. The mayor and council of Hagerstown are hereby authorized and empowered to borrow a sum of money not exceeding thirty thousand dollars, in addition to the sum of ten thousand dollars heretofore issued for the purpose of drainage on the faith and credit of the town as hereinafter provided, which shall be known and designated as the drainage fund, and which shall be applied and used exclusively for the construction and improvement of the following named drains, viz: one drain known as the "town run drain," including the north end drain to Bernard's lime kilns, thirty-six hundred feet in length; one drain running from east Antietam street to connect with the town run drain on Washington street, between Mulberry street and Cannon avenue, five hundred and seventy feet in length; one drain connecting with the town run drain at the Ladle Spring, and running northwest to North street eighteen hundred and fifty feet in length, the drain connecting with the town run drain on the property of George W. Eyerly on East Washington street and running westward to the alley in the rear of William Gassman's property on South Potomac street, four hundred feet in length; one drain running northward from its intersection with the town run drain on the property of John Gassman on East Washington street to an alley between Franklin and Church streets, six hundred feet in length; one drain running northward from its intersection with the town run drain at the Franklin House stable to the Oak Spring, two hundred feet in length; one drain running westward from Franklin House stable through the alley between Washington and Franklin streets to an alley running north and south between Jonathan street and Walnut street, one thousand feet in length; one drain known as the south end drain beginning at the alley running east and west in the rear of the court house, and running south one hundred feet east of Potomac street intersecting the Marsh run, four thousand feet in length; one drain connecting with the west end drain on the property of J. B. Thirston and running westward between Walnut street and Foundry street to Church street, one thousand feet in length; one drain beginning at Walter Hutchin's property on West Washington street and running thence in a northerly direction three hundred and thirty-five feet; provided, that to each and every drain hereinbefore named and designated, the sum of two dollars and twenty-one cents per linear foot, according to the distance hereinbefore set forth, shall be appropriated to be applied and used exclusively upon each of the hereinbefore named drains upon the basis of the lengths hereinbefore set forth; provided, that if any drain
