Resolved, That the futher time of eighteen Months be allowed to the said administrators or securities to record the same.

No. 64.

Passed March
2, 1826
Fishers in the
Susquehanna.

The committee to whom was referred the leave granted to bring in a bill to prevent persons residing out of this state from injuring the fisheries in the river Susquehanna, below the Pennsylvania line, present the following report:

The late period at which this subject is presented, and the fixed determination of the general assembly to rise on a given and near day, forbid the hope of passing any bill through the different branches of this legislature at the present session.— But as the subject confided to our care, is one whose tendency is to gratify the wishes and welfare of a large portion of the citizens of our sister state of Pennsylvania; and as we have every disposition to gratify her wishes as far as we can go, we think it most eligible to leave this subject open for the present, that it may be early taken up by the next legislature, to whose attention we respectfully recommend it, and we conclude this report with the following resolution:

Resolved by the General Assembly of Maryland, That the governor of this state be, and he is hereby requested to forward a copy of this report, accompanied by letter to his excellency the governor of Pennsylvania, to be by him laid before the legislative body of that state.
