

413. It shall be the duty of the Clerk of the Circuit Court for Baltimore County to issue licenses to such persons, firms or corporations, as may apply for and be entitled to them under this sub-title, subject to the restrictions, conditions and provisions of this sub-title; the amounts received for license fees to be paid over monthly to the County Commissioners of Baltimore County for expenditures as a part of the general funds of said county.

414. The application for each such license if by an individual shall state his or her name, age, and place of residence, and the address of the premises on which the business to be licensed will be conducted, the name and address of the owner of the premises upon which the business to be licensed is to be carried on, the exact type of business to be conducted on the premises, the seating capacity of the premises (if the license fee is based upon seating capacity), whether the exhibition is of a temporary or permanent nature, and, if temporary, its estimated duration, and the type or types of buildings or structures, if any, on or in which the exhibition is to be conducted. All the foregoing information shall likewise be required of each member of a firm seeking a license. Applications on behalf of a corporation shall be executed by its President, who shall give all of the foregoing information and shall further set forth the names of its officers, directors, the correct corporate name, and the date of incorporation.

415. Applications for licenses by any person, firm or corporation, except those for motion picture theatres regularly established and in operation at the time of the passage of this Act, shall not be accepted by the Clerk of the Circuit Court for Baltimore County and no license shall be issued unless said application is accompanied by certificates from the following officials:

(a) A certificate of the Buildings Engineer of Baltimore County to the effect that the premises in or on which the business to be licensed is to be conducted complies in all respects with the building laws and regulations in force in Baltimore County.

(b) A certificate of the Zoning Commissioner of Baltimore County to the effect that the use of the premises in or on which the business to be licensed is to be conducted is in compliance with the zoning laws and regulations in force in Baltimore County.

(c) A certificate of the Health Officer of Baltimore County to the effect that the use of the premises in or on which the business to be licensed is to be conducted does not violate the provisions of the laws of the State of Maryland or Baltimore County relating to the public health or the rules and regulations passed pursuant thereto.
