

The computation, following which this tax reduction is recommended, shows that with this reduction an adequate working fund will be available to the State throughout the next two years, and that we will have a surplus left, which should be maintained for any emergency.

Following is the Bond Issue which I am recommending as necessary for construction and other capital improvements at State Institutions and Departments.

PROPOSED "GENERAL BOND ISSUE OF 1941"

The Proposed "General Bond Issue of 1941" to be distributed and apportioned as to time of issue as follows:		Issue of August 1941	Issue of February 1942	Issue of August 1942
