

which shall accompany application, the remaining ten dollars (\$10.00) to be paid upon issuance of certificate. When a Certificate of Qualification issued by the National Bureau of Engineering Registration is accepted as evidence of qualification, the total fee for registration as Professional Engineer shall be ten dollars (\$10.00).

The fee for Engineer-in-Training shall be ten dollars (\$10.00), which shall accompany the application and shall include the cost of examination and issuance of certificate. When registration as a Professional Engineer is completed by an Engineer-in-Training, an additional fee of fifteen dollars (\$15.00) shall be paid before issuance of certificate as a Professional Engineer.

The registration fee for Land Surveyors shall be fifteen dollars (\$15.00), which shall accompany application.

When a person desires registration both as a Professional Engineer and Land Surveyor, the fee shall be twenty-five dollars (\$25.00) which shall accompany application.

Should the Board deny the issuance of a certificate of registration to any applicant the initial fee deposited shall be retained as an application fee.

14. Examinations. When oral or written examinations are required, they shall be held at such time and place as the Board shall determine. When examinations are required on fundamental engineering subjects (such as are ordinarily given in college curricula), the applicant shall be permitted to take this part of the professional examination prior to his completion of the requisite years of experience in engineering work, and satisfactory passage of this portion of the professional examination by the applicant shall constitute a credit for a period of ten years. The Board shall issue to each applicant upon successfully passing the examination in fundamental engineering subjects a certificate stating that he has passed the examination and that his name has been recorded as an Engineer-in-Training.

The scope of the examinations and the methods of procedure shall be prescribed by the Board with special reference to the applicant's ability to design and supervise engineering works so as to insure the safety of life, health, and property. Examinations shall be given for the purpose of determining the qualifications of applicants for registration separately in engineering and in land surveying. A candidate failing on examination may apply for re-examination at the expiration of six months and will be re-examined without payment of additional fee. Subsequent
