

95. (Licensing of Air Schools and Aeronautics Instructors.)

(a) (Regulations, Issuance of Licenses, Fees.) The Commission is authorized to provide for the licensing of air schools, and of aeronautics instructors giving instructions in ground subjects pertaining to aeronautics. For each license of an air school it may charge a fee not exceeding \$25.00, and for each license of an aeronautics instructor in ground subjects pertaining to aeronautics, it may charge a fee not exceeding \$5.00. Such licenses shall be automatically issued, without further requirement, at a fee of one dollar each, to all schools and instructors, to which and to whom an appropriate federally approved air school certificate or rating has been issued.

(b) (Refusal to Issue.) The Commission may refuse to issue or may suspend or revoke, temporarily or permanently, any license of an air school or aeronautics instructor required pursuant to this Section when it shall reasonably determine upon notice and opportunity for hearing that such air school or aeronautics instructor is not qualified. In arriving at such determination the Commission shall be governed by the standards prescribed in Section 91 of this Act, and shall consider, among other things, whether the school or instructor has violated the provisions of any statute of this State or the United States relating to aeronautics or the rules and regulations promulgated pursuant thereto, or whether the aeronautics instructor of the air school is addicted to the use of narcotics or other habit-forming drugs or to the excessive use of intoxicating liquor or has made any false statements of a material nature in connection with an application to the Commission under this Act, or has been guilty of conduct dangerous to the public safety or to the safety to those engaged in aeronautics.

(c) (When Operations Unlawful.) It shall be unlawful for a person to operate an air school or for any aeronautics instructor to give instructions in ground subjects pertaining to aeronautics without an appropriate license as may be duly required by rule or regulation promulgated under the provision of subsection (a) of this Section. It shall be unlawful for any aeronautics instructor to give instruction in flying unless such instructor has an appropriate effective instructor's rating, certificate, permit or license as a flight instructor issued by the United States. If any person shall be found guilty by a court of competent jurisdiction of violating any provision of this subsection,
