

ANNE ARUNDEL COUNTY

HOUSE BILL 812

AN ACT to add a new section to Article 2 of the Code of Public Local Laws of Maryland (1930 Edition), title "Anne Arundel County", to be under sub-title "Schools", said new section to be known as Section 456 and to follow immediately after Section 455 of said Article, relating to the disposition of certain funds received by Anne Arundel County and the City of Annapolis from certain revenues collected from the conduct of racing, license fees, recordation tax, State tax on admissions and from the revenue produced by the percentage of increase in the income tax collected by the State and payable to the several Counties and municipalities.

This bill departs from the recommendations of the Sherbow Commission for the distribution of revenues to the counties and municipalities, in that it requires that the revenues derived from the conduct of racing, from license fees, except fees for the sale of alcoholic beverages, recordation tax, amusement tax and the revenue produced by the increase in the income tax be placed in a special fund for school purposes, in Anne Arundel County.

The City authorities in Annapolis have objected to the diversion of the portion of the revenues that would otherwise have been paid to them which is estimated in the amount of about \$34,000.00 and while I do not seek to substitute my judgment for that of the delegation from Anne Arundel County, I do believe that the City of Annapolis is entitled to consideration because of the fact that so much property within the corporate limits has been and may continue to be taken over by the Federal and State Governments, that the City is entitled to particular consideration in this respect at the hands of the State.

For that reason the bill will be vetoed.
