NO. 3.

A Joint Resolution, requesting the United States Biological Survey not to close or restrict the present open season as to wild fowl in Maryland.

WHEREAS, restricting the wild waterfowl season to thirty days prohibiting the use of grain for food, reduction of bag limits, and other Federal restrictions, have worked a very serious handicap on a large number of persons who were formerly employed during the open season for the taking of wild waterfowl; and

WHEREAS, with the thousands of birds which appeared on Maryland waters during the Fall and Winter of 1936-1937, it does not seem necessary that the United States Biological Survey should recommend regulations so drastic as those which were in effect during the past hunting season; and

WHEREAS, if a longer open season were provided, even though persons were only permitted to hunt three days per week, those persons who have formerly been employed, and who have very little means, if any, would be benefited by assuring them of a livelihood during each season; therefore, be it

*Resolved by the General Assembly of Maryland,* That the United States Biological Survey be and it is hereby requested not to close or restrict the open season to a continuation of thirty days in succession, but to provide regulations for hunting wild waterfowl three days per week during a ten-week
