

in black ink, upon clear white material, of such size as will fit the ballot frame, and in plain clear type so as to be clearly readable by persons with normal vision.

(b) If the construction of the machine shall require it, the ballot-label for each candidate, group of candidates, or question, to be voted on, shall bear the designating letter or number of the counter on the voting machine which will register or record votes therefor. Each question to be voted on shall appear on the ballot-labels, in brief form, to be determined in the same manner as are questions which appear upon paper ballots, but said questions may appear at the top or side of the ballot-label, the provisions of Section 64 of this Article to the contrary notwithstanding.

(c) The ballot-label for each candidate or group of candidates, nominated or seeking nomination by a political party, shall contain the name or designation of the political party.

(d) The titles of offices may be arranged horizontally or vertically, with the names of candidates for an office arranged transversely under or opposite the title of the office.

(e) The names of all candidates, nominated or seeking nomination by a political party, shall appear in adjacent rows or columns containing generally the names of candidates nominated or seeking nomination by such party.

(f) When the same person has been nominated for the same office by more than one political party, his name shall appear in the rows or columns containing generally the names of candidates nominated by each such party.

(g) The form and arrangement of ballot-labels, to be used at any election, shall be determined by the Board of Supervisors of Election as nearly as may be in accordance with this sub-title.

(h) In primary elections, the ballot-labels, containing the names of candidates seeking nomination by a political party, shall be segregated on the face of the machine in adjacent rows or columns by parties.

224-H.

(a) The Board of Supervisors of Election shall cause the proper ballot labels to be placed on each voting machine which is to be used in any precinct of Baltimore City, and shall cause each machine to be placed in proper order for voting; and said Board or its duly authorized agent shall examine each machine before it is sent out to a polling place; shall see that the proper ballot labels are properly arranged on each machine and that each registering counter, except the protective counter, on each machine is set at zero (000); shall lock each machine so that the counting mechanism cannot be operated; and shall seal each machine with a numbered
