(1) **MANUFACTURER'S LICENSE.** Such a license shall be issued by the Comptroller and shall authorize the holder thereof to establish and operate, within this State, a plant for the brewing, distilling, fermenting, blending, rectifying or bottling of alcoholic beverages at the place therein described, and to import alcoholic beverages into the State, but such a license shall not authorize the operation of more than one plant, establishment or place of business, nor the bottling of beer at any place except where the same is brewed except that a distiller may operate and maintain a rectifying, blending and bottling plant at a different location from the place where the distillery is located. Such a license shall also authorize the sale of alcoholic beverages at the licensed place of business by the manufacturer to any other license holder in this State, and the transportation and delivery from the place of sale to such license holder or to a common carrier for such delivery. It shall not authorize the sale of beverages for consumption on the premises where manufactured or sold, nor the sale and delivery of beverages within this State, to any person other than a license holder under the laws of this State, (or to a dispensary if such an establishment should be authorized in any County), provided, however, that a manufacturer of alcohol may sell the same to its customers for bona fide commercial or scientific use, and not for beverage purposes. The annual fee for such license shall be One Thousand Dollars (\$1,000.00) and shall be payable to the Comptroller for the use of the State before any such license is issued. Provided, however, that the annual license fee for manufacturing or fermenting and bottling wine from grapes grown in Maryland shall be Fifty Dollars (\$50.00).
