C. After the committee has made and recorded a determination that there is need, in the interest of the public health, safety and welfare, for the organization of a district in a particular territory and has defined the boundaries thereof, it shall consider the question whether the operation of a district within such boundaries with the powers conferred upon soil conservation districts in this Act is administratively practicable and feasible. To assist the committee in the determination of such administrative practicability and feasibility, it shall be the duty of the committee, within a reasonable time after entry of the finding that there is need for the organization of the proposed district and the determination of the boundaries thereof, to hold a referendum within the proposed district upon the proposition of the creation of the district, and to cause due notice of such referendum to be given. All occupiers of lands lying within the boundaries of the territory, as determined by the State soil conservation committee, shall be eligible to vote in such referendum. Only such land occupiers shall be eligible to vote.

D. The committee shall pay all expenses for the issuance of such notices and the conduct of such hearings and referenda, and shall supervise the conduct of such hearings and referenda. It shall issue appropriate regulations governing the conduct of such hearings and referenda, and providing for the registration prior to the date of the referendum of all eligible voters, or prescribing some other appropriate procedure for the determination of those eligible as voters in such referendum. No informalities in the conduct of such referendum or in any matters relating thereto shall invalidate said referendum or the result thereof if notice thereof shall have been given substantially as herein provided and said referendum shall have been fairly conducted.

E. The committee shall publish the result of such referendum and shall thereafter consider and determine whether the operation of the district within the defined boundaries is administratively practicable and feasible. If the committee shall determine that the operation of such district is not administratively practicable and feasible, it shall record such determination and deny the petition. If the committee shall determine that the operation of such district is administratively practicable and feasible, it shall record such determination and shall proceed with the organization of the district
