Mr. Chaisty, Chairman on the part of the House, of the Joint Committee on Printing, submitted the following

REPORT.

Gentlemen of the House of Delegates:

The Committee on Printing in response to the order adopted by the House on the 26th inst., beg leave to report that, as was stated in their report on the 14th inst., the Governor's Message, the Comptroller's Report, the Insurance Commissioner's Report and the Fishery Report, have been printed and partly distributed.

The Committee would state, that they know no reason why the various documents contracted for have not been distributed, except that the messenger, whom the Committee have appointed to collect the documents from the Printer, has not been able to procure *all the documents*, in consequence, as the folder informs us, of the large number of gentlemen of the House who have been in the habit of going to the Printer's office, and taking away a large number of copies, whilst others are in the habit of going to the folder's room, and seizing upon and appropriating to themselves more than their proper share of documents.

The Committee have resolved now, that the explanation has reached us, to insist that all documents shall be brought by the messenger to the folder's room, and, when folded by him, shall be distributed by the pages equally to members.

Very respectfully,

E. J. CHAISTY,

Chairman.
