

bly of Maryland at its 1933 session relating to the manufacture, sale, distribution and transportation of beer, lager beer, porter, wine or fermented malt or vinous liquors containing not more than 3.2% of alcohol by weight.

SEC. 2. *And be it further enacted*, That this Act shall be effective until the same shall be adopted or rejected at the next special or general election, held in Carroll County, by the qualified voters of said County. This Act shall be submitted at said next special or general election, held in Carroll County, to the qualified voters of said County for their adoption or rejection. There shall be printed on the official ballots to be used at said election, the title of this Act and underneath said title on separate lines a square or box to the right of and opposite the words "For Beer Law" and a corresponding square or box to the right of and opposite the words "Against Beer Law", so that the voters shall be able to designate by a cross mark in the proper square or box his or her decision for or against said Beer Law. If a majority of the votes cast on said question shall be "For Beer Law", then the State law relating to the manufacture, sale, distribution and transportation of beer and other beverages containing not more than 3.2% of alcohol by weight shall apply to Carroll County; but if a majority of the votes cast therein shall be "Against Beer Law", then this Act shall remain effective and the said State law shall not apply to said Carroll County.

SEC. 3. *And be it further enacted*, That this Act is hereby declared to be an emergency law and necessary for the immediate preservation of the public health and safety, and being passed by a yea and nay vote supported by three-fifths of all the members elected to each of the two houses of the General Assembly the same shall take effect from the date of its passage.

Approved April 5, 1933.

CHAPTER 526.

AN ACT to declare the policy of the State to control, so far as practicable, the appropriation or use of surface and underground waters of the State; to control the construction, reconstruction and repair of reservoirs,
