

1 judges in one category and all the other judges in
2 another, or would you put each in his own tier?

3 JUDGE FRENDERCAST: I would have them in dif-
4 ferent tiers and not interchangeable because I think that
5 what is known as Greacham's Law in Economics would apply
6 to the judges. As you know, Greacham's Law is a law
7 that where you have two kinds of currency, one better and
8 one inferior, inferior drives the better out, gold and
9 silver. I think that is what is going to happen under
10 Paragraph 7. You are going to wind up with a lower cate-
11 gory of judge in both benches. We know we had the same
12 lofty ideas when we first dreamed up the Municipal Court
13 in 1953. It came to fruition eight years later. I won't
14 comment on the results, but I am afraid that is what you
15 are going to run into. The People's Court should have its
16 own definite jurisdiction, and the judges ought not serve
17 on any other court. The Circuit Court should have its
18 definite jurisdiction, not subject to service on the
19 People's Court, but subject to service on the Appellate
20 Court or the Court of Appeals, as we have today, in an
21 emergency, not as a steady diet. If you don't do that, I
