

1 when you say that; that is, whether the inviolacy  
2 of Section 3 is construed as being the appropriations  
3 that are made for the schools?

4 MR. CASE: That would have nothing to do  
5 with transferring funds and they are appropriated, Mrs.  
6 Bothe, as I read it. Section 52, and particularly  
7 subsection 11, which we deal with this morning, only  
8 has to do with the Governor's right to change the bud-  
9 get as it is submitted.

10 Now, I would think that while Mr. Perkins,  
11 in answer to the other part of the question, while Mr.  
12 Perkins is absolutely right, you cannot take University  
13 of Maryland funds, for example, and put it over into  
14 the State Law Department, you cannot take State Law  
15 Department appropriations and put it up in Health.  
16 The reason for this is a statutory provision in the  
17 budget law which requires funds to be channelized.

18 However, the legislature, if they wanted to,  
19 could change that and could say, in effect, that moneys  
20 appropriated to the Attorney General could be used for  
21 the Health Department; moneys appropriated to the
