

1 mouth, but I wonder why you don't say this. Doesn't
2 the present system give the Board of Education and the
3 County Superintendent a status to go direct to the
4 legislature that they might not have if the Super-
5 intendent were appointed by the Governor?

6 DR. SENSENBAUGH: This could be true, yes.

7 MR. ENEY: Has it been --

8 DR. SENSENBAUGH: Of course, we haven't had
9 a superintendent who has been appointed by the Governor.
10 So, we have never had any control, but I know I would
11 feel free talking about pending legislation that the
12 Governor was favoring, if I were not appointed by him.

13 MR. ENEY: What I'm getting at, have there
14 been any conflicts between the Governor and the
15 Superintendent as a result of which the Board or
16 Superintendent went directly to the legislature to get
17 an educational program through or tried to?

18 DR. SENSENBAUGH: A lot of it, in salaries,
19 salaries of teachers. I think most of the salary gains
20 that teachers have gotten in recent have been as a
21 result of educator efforts rather than executive efforts.
