

1                   MR. GOLDSTEIN: Take under Article 81, State  
2                   Comptroller administers the personal and corporate income  
3                   tax laws. That is through our Income Tax Division; ad-  
4                   ministrators of the retail sales and use tax through the  
5                   Sales Tax Division, Amusement Tax Unit. We administer  
6                   the road tax on motor carriers through the Gasoline Tax  
7                   Division. We administer the State tobacco tax through  
8                   the Retail Sales Tax Division. We also collect the  
9                   State, have supervision over gasoline tax, tax on alco-  
10                  holic beverages, plus inheritance taxes.

11                  THE CHAIRMAN: Mr. Eney and I --

12                  MR. NOSSEL: I was going to inquire, I don't  
13                  know what specifically is meant, Dick. You mean should  
14                  everything come into the central treasury, or do you mean  
15                  should the same agency collect all of the revenue?

16                  THE CHAIRMAN: The latter.

17                  MR. NOSSEL: I don't think that is too feasible  
18                  because, take in the case of motor vehicle revenues,  
19                  registration fees, whatnot, collected by the Department  
20                  of Motor Vehicles. Now, if you are going to separate that  
21                  you are going to separate the licensing function from the
