

1 collection of revenues. This is not very feasible.  
2 The same thing is true with insurance taxes where you have  
3 got the regulatory factor involved there, and the collec-  
4 tion of taxes is a very small part of this. In other  
5 words, you add very little to the duties to collect the  
6 tax, but if you separate these now, you are separating  
7 the collection of the revenue from the other facets of  
8 the thing.

9 MR. ENEY: Isn't that true only with respect  
10 to some form of regulatory tax?

11 MR. NOSSEL: Certain forms, yes. I think most  
12 of those which can be feasibly collected centrally are  
13 today. I don't know of any major one. There is a lot  
14 of minor stuff lying around.

15 THE CHAIRMAN: How about the gross receipts  
16 tax on public utilities? That is collected by the State  
17 Department of Assessments and Taxation, isn't it?

18 MR. NOSSEL: No, that is collected by us on  
19 certification from them. They do collect certain fran-  
20 chise taxes. This could be very well brought together.

21 THE CHAIRMAN: That is a matter of statutory
