

1 funds for the Counties, for the municipalities within
2 the Counties, for special taxing districts. It is a
3 real hodgepodge.

4 MR. SAYRE: There is no reason for that pro-
5 cedure to be necessarily continued, is there?

6 MR. NOSSEL: Which procedure is that, the
7 clerk?

8 MR. SAYRE: That it could go directly to the
9 Treasury?

10 MR. NOSSEL: It could go directly to the
11 Treasury, even in the case of the collection situation,
12 because the clerk, after all, is a State officer. Now,
13 all his collections could be deposited into the Treasury
14 and distributed from the Treasury to the appropriate
15 local subdivision. This could be done.

16 MR. SAYRE: If you have an annual budget
17 based upon past experience, then you could operate that
18 way, couldn't you?

19 MR. NOSSEL: You have to recognize that the
20 clerks and the registers are not in the budget.

21 MR. SAYRE: Not now. If we took that out.
