2 Also small estates, we had over 529 small
3 estates last year. We will have this year over 1500. It
4 will be three times, maybe five times the amount because

10 office. During that time if he would pass, he or she would
11 pass away, they would have to take a small estate out for
12 any amount that Medicare owed them. You can see the
13 small estate docket will be three to five times the amount
14 of work.
