

1 in Nebraska? Does he have a leadership, and if Governor
2 Morrison proposes a conflict of interest law, a reduction
3 of taxes, reapportionment, this or that, what happens to
4 it, and the program doesn't get through? Do the people
5 hold Governor Morrison responsible, his leadership? Who
6 is his leadership? That is what I think you were talking
7 about, wasn't it, Harry?

8 THE CHAIRMAN: Yes. Even if it's a symbol, and
9 we won't be able to pursue this too long because we want
10 to get to our final speaker; but just a brief comment.

11 MR. KENTNER: I'm not quite sure how to answer
12 the question. There is, to my knowledge, no group to which
13 the Governor can look for undying loyalty to his program.
14 I think that just simply doesn't exist, and I would further
15 say that whatever groups he has are very factionalized
16 and centered mainly around issues rather than around the
17 philosophy.

18 THE CHAIRMAN: In other words, the knowledge-
19 able people cannot tell really who are the Republicans or
20 who are the Democrats, or can they?

21 MR. KENTNER: Off the record, please.
