

1 only do we come up with a suggested article in the Con-  
2 stitution, but, after all, we are a Committee of a  
3 Commission which has been appointed for the purpose of  
4 making a study and then, eventually, our product is going  
5 to go to a convention.

6 We have got to compile all of the information,  
7 so that it is there and available for that convention,  
8 so that they do not have these questions that we are  
9 dealing with now, because they have the answers right  
10 there in front of them; and that is why I had asked for  
11 a listing of questions for research in order that we get  
12 the material that is there, so that somebody else doesn't  
13 come up with a similar question, involving time and delay  
14 in getting it together.

15 DR. BURDETT: You will find in Miss Spencer's  
16 study that towns or municipalities are not named, but they  
17 are typed by population size and one gets the impression  
18 from that study that a great majority of the municipal  
19 corporations in this State are quite small.

20 THE CHAIRMAN: And we have the problem of how  
21 we are going to provide for classification by population
