2 THE CHAIRMAN: Thank you, very much.

3 MR. MARTINEAU: May I suggest that we ask

5 report as it has been filed, and perhaps, I would also
6 like him to comment on those aspects of the recommenda-
7 tions of our subcommittee which have not been approved
8 of so far, and which does get into some rather detailed
9 points, but which we are going to have to consider
10 eventually. I would like to get his recommendations on
11 those also, if it is all right with the Chairman, I
12 would like to give him these things right now and ask
13 him to comment on these.

14 THE CHAIRMAN: Fine. Thank you again, Mr.
15 Winters.
