

1 in the Constitution, as they were in 1864. I think all  
2 of you realize the power of the Constitution, as to  
3 changing it later, because there was a real revolution  
4 in the General Assembly and they overturned the whole  
5 1864 Constitution and they were so disturbed by the  
6 first State Superintendent, that they wanted to remove  
7 all vestiges of what he had initially tried to do.

8 I think Section 1, which has to do with the  
9 establishment of a system of free public schools, should  
10 contain some section which would read as follows:

11 Which will provide equal educational oppor-  
12 tunies for all children.

13 We hear so much these days about discrimina-  
14 tion and lack of equal opportunity, so I would suggest  
15 that we need to include in that section some reference  
16 to equal educational opportunities. Dr. Paquin made  
17 reference to thorough and efficient. He wasn't happy  
18 with it.

19 I don't have anything better to suggest,  
20 because people these days do make reference to quality  
21 education and, if you just say education, maybe that is
